Transit directions

Arriving by car

Visitors, please ask the office that you are visiting to give your name to the North Main Entrance Registration (Tel. +49 (89) 5159-16186) so that you can enter the parking structure.

Coming from North:

Just straight ahead until you reach the end of the highway A9, you will access the "Mittlerer Ring" driving east. When you reach the exit Giesing "Anzingerstraße" (in the undercrossing "Leuchtenbergring") you have to turn to the right, Please follow this street straight on until you reach "St.-Martin-Strasse." Turn to the right again and in approximately 400 metres you will reach the main entrance (on the left before the railroad undercrossing).

Coming from West:

"Mittlerer Ring" until Giesing, there you turn to the left into "Schwansee-strasse," straight on via "Schliersee-strasse" to "St.-Martin-Strasse," and there you turn to the right where you will reach the main entrance in approximately 400 metres straight ahead.

Arriving by rail

S-Bahn:

From Munich "Hauptbahnhof," you should take the train "S7" (Höhenkirchen-Siegertsbrunn or Kreuzstrasse) or the "S3" (Deisenhofen or Holzkirchen) going to the direction of "Marienplatz-Ostbahnhof" until station "St.-Martin-Strasse," walk towards exit Siemens. From there on, you will reach St.-Martin-Strasse 76 in approximately 100 metres.

Underground (U-Bahn):

From Munich "Hauptbahnhof," you should take the underground "U2" (Messestadt). Exit "Giesing," going north besides "Ungsteiner Stasse" (appr. 400 m) you will reach the south entrance Siemens "Werinherstrasse 91."

Arriving by air

From Munich Airport we recommend to take the public transportation (MVV) instead of a taxi (about 50 km). Doing so, you take the Airport Line "S8" (direction "Hauptbahnhof/ City/Pasing") at the airport central area "Z" until station "Ostbahnhof." There you can either take the train (S-Bahn) "S3" or "S7" until station "St.-Martin-Strasse."
